

Steering Committee	Institution / Department	Areas of Expertise	E&R	EEC	BIO	CON	CES	ELP	SCO
Coates, Michael*	UChicago OBA	Evolution, development, biodiversity, extinction, fish	x		x				
Kidwell, Susan*	UChicago GeoSci	Historical and paleo-ecology, geology, urban coasts		x		x	x		
Bates, John	Field Museum Life Sciences	Evolution, environmental change, birds			x	x			
Hackett, Shannon	Field Museum Life Sciences	Molecular systematics, tropical biogeography, birds				x	x		
Herendeen, Patrick	Chicago Botanic Garden	Biodiversity, morphological evolution, higher plants	x		x				
Iablonski, David	UChicago GeoSci	Macroevolution, biogeography, extinction, mollusks	x		x				
Rosenthal, Amy	Field Museum	Conservation, sustainability, science-policy interface			x	x			x
Spears, Tobias	UChicago BSD Diversity & Inclusion (D&I)	Culturally responsive teaching, anti-bias interventions, D&I training							x

Key	Training Areas
E&R	Extinction & Evolutionary Response
EEC	Ecology & Environmental Change
BIO	Biodiversity
CON	Conservation
CES	Climate & Environmental Sciences
ELP	Environmental Law & Policy
SCO	Science Communication & Outreach
	* GAANN co-chairs

Core Trainers	Institution / Department	Areas of Expertise	E&R	EEC	BIO	CON	CES	ELP	SCO
Angielczyk, Kenneth	Field Museum GeoSci	Mass extinction, morphological evolution, vertebrates	x	x					
Bieler, Rüdiger	Field Museum Life Sciences	Biodiversity, evolution, human impacts, mollusks and reefs			x				
Blättler, Clara	UChicago GeoSci	Paleoclimates and oceans, carbon cycle, biogeochemistry					x		
Coleman, Maureen	UChicago GeoSci	Microbial ecology, evolution, biogeochemistry, Great Lakes		x	x		x		
Heaney, Lawrence	Field Museum Life Sciences	Biodiversity and evolutionary biogeography, mammals			x	x			
Hipp, Andrew	Morton Arboretum	Biodiversity, population genetics, plants			x	x			
Iina, Amir	UChicago Public Policy	Climate impacts on societies, economics, sustainability						x	
Kronforst, Marcus	UChicago E&E	Adaptation, speciation, molecular evolution, butterflies			x				
Lacy, Robert	Brookfield Zoo	Endangered species, genetics, recovery planning			x	x			
Lumbsch, Thorsten	Field Museum Life Sciences	Evolution, biodiversity, fungi and lichens			x				
Luo, Zhe-Xi	UChicago OBA	Evolution, biodiversity, early mammals			x				
Mateo, Jill	UChicago Human Dev	Adaptation, behavior under stress, mammals		x	x				
Moyer, Elisabeth	UChicago GeoSci	Climate science and impacts, energy policy					x	x	
Mueller, Gregory	Chicago Botanic Garden	Biodiversity, biogeography, fungi			x				
Novembre, John	UChicago GGSB	Genetic diversity of natural populations, bioinformatics			x				
Patterson, Bruce	Field Museum Life Sciences	Biogeography, host-parasite evolution, mammals	x		x				
Pfister, Catherine	UChicago E&E	Community ecology, ocean acidification, coastal systems		x	x				
Raghavan, Maanasa	UChicago GGSB	Ancient DNA, genomics of humans and their environment			x				
Ree, Richard	Field Museum Life Sciences	Biodiversity, evolution, biogeography, phylogenetics, flowering plants			x				
Serenio, Paul	UChicago OBA	Dinosaur evolution and biogeography	x						
Shubin, Neil	UChicago OBA	Speciation, evolutionary development, early vertebrates			x				
Slater, Graham	UChicago GeoSci	Macroevolution, phylogenetics, mammals	x		x				
Stotz, Douglas	Field Museum Conservation	Conservation, ecology, biogeography, birds		x	x	x			
Templeton, Mark	UChicago Law	Environmental law, pollution, energy						x	
Voight, Janet	Field Museum	Biodiversity, evolution of the deep sea, mollusks			x				
Waldbauer, Jacob	UChicago GeoSci	Molecular basis of biochemical cycling, marine systems					x		
Webster, Mark	UChicago GeoSci	Morphological evolution, development, arthropods	x		x				
Westneat, Mark	UChicago OBA	Functional diversity, biomechanics, fish		x	x				
Wootton, J Timothy	UChicago E&E	Community ecology, environmental change, coastal systems		x
