

The Pritzker Identity and Inclusion (i2i) Initiative

i2i: Promoting and sustaining inclusive learning and practice

WELCOME

The i2i Steering Committee is excited to welcome the Class of 2023 to the Pritzker School of Medicine. Throughout your time at Pritzker, you will engage with i2i through activities incorporated into the Pritzker curriculum and you will also be invited to attend a variety of extracurricular events hosted by i2i. Your first i2i program will take place during Orientation, and we wanted to provide some background and context about the i2i initiative in this mailing.

CHARGE

The Identity and Inclusion Committee will be responsible for providing ongoing direction for programs and/or curricula at Pritzker that support an inclusive learning environment and promote respectful and effective communication with diverse patients and colleagues around issues of identity (examples include but are not limited to: socioeconomic status, race, religion, gender, etc.). The committee is expected to accomplish this charge through both collaborative and independent means and should be responsive to feedback on Pritzker's learning climate and on established programming.
