

THE UNIVERSITY OF  
**CHICAGO**

DEPARTMENT OF ORGANISMAL BIOLOGY AND ANATOMY

1027 East 57th Street • Chicago, IL 60637

Ross Phone: 773 834 7858

rossc@uchicago.edu

Course Director

Callum F. Ross, Ph.D.

Professor of Organismal Biology & Anatomy

rossc@uchicago.edu

## **BOOKS FOR THE HUMAN BODY, 2020**

### **REQUIRED**

Gray's Anatomy for Students, 2<sup>nd</sup> Edition, Drake, et al; Elsevier Churchill-Livingstone ISBN-10: 0443069522, ISBN-13: 978-0443069529.

There is a third edition. I have not yet examined it. I am sure it is better and more expensive.

Wheater's Functional Histology: A Text and Colour Atlas, 5<sup>th</sup> or 6<sup>th</sup> edition by Barbara Young, James S. Lowe, Alan Stevens, and John W. Heath. This is also available on Inkling.

Thieme's Atlas of Anatomy (most recent edition is 3<sup>rd</sup>).

Gilroy, MacPherson, Ross (no relation). ISBN: 9781626232525

**The University of Chicago Student discount can be accessed through here:**

<http://www.thieme.com/resources/students/1012-special-discount-for-university-of-chicago>

### **TOO MUCH: *instead of the one volume Thieme Atlas***

**If you really want to get fancy, there is a 3 volume Atlas from Thieme:** The 2<sup>nd</sup> edition is the one you want because it has Head, Neck and Neuroanatomy in one volume.

Head, Neck, and Neuroanatomy (THIEME Atlas of Anatomy) 2<sup>nd</sup> edition

Schuenke, Schulte, Schumacher, Lamperti, Voll ISBN: 9781626231207

General Anatomy and Musculoskeletal System (THIEME Atlas of Anatomy) 2<sup>nd</sup> edition

Schuenke, Schulte, Schumacher, Ross. ISBN: 9781604069228

Internal Organs (THIEME Atlas of Anatomy) 2<sup>nd</sup> edition

Schuenke, Schulte, Schumacher, Ross, Lamperti, Voll. ISBN 9781626231665

**Again, for U of C pricing:**

<http://www.thieme.com/resources/students/1012-special-discount-for-university-of-chicago>

**Also perfectly acceptable**

Atlas of Human Anatomy, Netter; 7<sup>th</sup> ed., Saunders

ISBN-10: 0323393225, ISBN-13: 978-0323393225

Anatomy. A Regional Atlas of the Human Body. 6<sup>th</sup> ed., Carmine D.

Clemente; Lippincott Williams and Wilkins

ISBN-10: 1609133080, ISBN-13: 978-1609133085

Gray's Atlas of Anatomy, Drake et al., Elsevier Churchill-Livingstone  
ISBN-10: 1455748021, ISBN-13: 978-1455748020

Color Atlas of Anatomy 7th ed., Rohen et al. Lippincott, Williams and  
Wilkins ISBN-10: 1582558566, ISBN-13: 978-1582558561

*This is a photographic atlas, rather than a diagram atlas.*

## **RECOMMENDED FLASH CARDS**

Netter's Anatomy Flash Cards John T. Hansen; Saunders  
ISBN-10: 1929007086, ISBN-13: 978-1929007080

Anatomy Flash Cards: Anatomy on the Go, second edition, Latin Nomenclature.

Gilroy, Broman, Josephson, Voll, Wesker, ISBN: 9781604069105

If Thieme comes out with a non-Latin nomenclature version, that would be better.

## **LECTURE MATERIALS**

- Copies of the PowerPoint presentations used in lecture will usually be available on the course website by 7 pm the night before each lecture. If you prefer to take notes on a hard copy of the lecture slides, you must print them out yourself.

## **Entirely optional REFERENCE MATERIALS**

Although you will definitely **not NEED** the following for Human Body, these are the reference books that I use in preparing lectures. If someone wants to buy you a special gift for medical school, these might be good options.

Gray's Anatomy 41<sup>st</sup> edition, edited by Susan Standing. Published by Elsevier.

The hard copy of the book has a scratch off code for accessing online material, which is definitely worth it, and you won't get this with a second hand version.

Robbins and Cotran Pathologic Basis of Disease, 9<sup>th</sup> edition. By Kumar, Abbas and Aster. This text is recommended in later courses at Pritzker. I use it to determine the points of emphasis in the histology material I deliver. Again, buying the hard copy gives you access to the online version. Of course, new editions come out and I cannot guarantee that the edition available now will be the edition available when you take later courses.

eAnatomy subscription: <https://www.imaios.com/en/e-Anatomy>

## **LAB MATERIALS FOR THE HUMAN BODY**

- A laptop computer is needed for the histology labs. If you will not have access to a laptop to bring to class, please contact Pritzker in advance so arrangements can be made to provide a computer for you.
- Dissecting tools, gloves and protective eye-wear will be provided.
- You will need a set of scrubs to wear in the dissection lab.
- You will need a pair of old or cheap shoes with rubber/non-slip soles to wear in dissection lab. You will not want them back at the end of the course.
