

**Water. Earth. Fire. Air.**

Long ago, the four societies lived together in harmony... Then, everything changed when the COVID-19 Pandemic attacked. Only the Entering Class of 2021, our newest MS1s, could help us get through it, but they had yet to be found. An admission cycle passed and MOM discovered the incoming class, a group of inspiring, dedicated individuals. And although they have lots to bring to the table, they must first go through orientation and become a part of our family. But we believe that they will change the world!

COMING HOME

PRITZKER ORIENTATION 2021

Welcome Class of 2025! We are so excited to announce that the theme of your orientation will be Avatar: The Last Airbender! If you haven't seen the show, this summer is a great time to do so! With themes of friendship, togetherness, and growth, we know that this theme will serve well to bring you home!

See you in August,
