LORs: How many letters do I need?

Categorical Programs: 3-4 total letters

- 3 clinical letters
- 1 research letter (if appropriate)

*Note: You cannot submit more than 4 letters to a single program.*

Advanced Programs: 6-7 total letters

- Prelim/Transitional Year: 3 clinical letters
- Advanced Program: 3 clinical letters
- 1 research letter (if appropriate)

*Note: Letter writers can use the same letter for both applications, as long as they are generic in their specialty recommendation.*

*(i.e. “I recommend John Doe for your residency program” instead of “I recommend John Doe for your Pediatric residency program”)*
LORs: Do I need a Chair’s Letter?

- Anesthesiology
- Medicine*
- Medicine-Pediatrics*
- Preliminary Medicine*
- Obstetrics and Gynecology
- Orthopedic Surgery
- Otolaryngology (Section Chief)
- Pediatrics (some programs)*
- Plastic Surgery (Section Chief)
- Surgery
- Urology (Section Chief)

*Another faculty member writes the letter in conjunction with the Chair.

Emergency Medicine and OB/GYN utilize a “Standardized Letter of Evaluation” (SLOE), and Plastic Surgery is starting to do the same. Check with the section for details, and refer to your Residency Process Booklet.

If you are applying in both Preliminary Medicine and transitional programs, you could use the same set of letters for both if the letters are generic in their specialty designation.

## Definitions

### ERAS

The Electronic Residency Application Service

ERAS is the web-based program students and staff use to compile and distribute residency application components.

### NRMP

The National Resident Matching Program

The NRMP is a nationwide non-profit organization that standardizes the residency matching process. Students submit rank lists to NRMP, *not* through ERAS.

*You must register for both ERAS and the NRMP!*
Dear Dr. Tyler Lockman,

Welcome to MyERAS! Your AAMC ID is 14340378 and your User Name is TYLERLOCKMAN. You will use this User Name to access all AAMC applications.

To return to MyERAS, or if you need additional information on ERAS, please visit https://urldefense.com/v3/__https://students-residents.aamc.org/applying-residency/applying-residencies-eras/__/?OaZRxjSGsACmqMyc8s1cu0LNOgxR6EFJEv2lwTICqlr-dX5XqCoNAIcWCnAQD-p6POp4DEch5MLfp0Ji0XXs2Ra0$.

Things to remember:
1. All passwords are case-sensitive. The password 'DOCTOR' is not the same as the password 'doctor'.
2. You will not be able to certify your application until September 1st at 9:00 AM ET.
3. Being registered with ERAS does not mean that you are registered with the NRMP or any other Match. To register with the NRMP, visit their Web site: www.nrmp.org

Guiding Principles for Listing Publications

• Be honest in representing all of your myriad accomplishments—but do not try to pad your application
  – Certain situations will require that you list things twice under two separate categories
  – Use your best judgement, and then…
  – Consult your Career Advisor!

• When it is not reasonable to list multiple similar or identical publications/presentations, list them once under their “highest value”. In order, that is:

  1. Manuscript
  2. Published abstract
  3. Oral presentation
  4. Poster presentation

• National > Regional > Local
FAQs: How to List Publications

Q: For poster presentations, should we list internal conferences like Medical Education Day or SRP?

A: Yes. Include poster presentations given at any formal, organized event, even if they are internal.

Q: If I was listed as an author on a poster or oral presentation but did not present it, should I list it?

A: Yes, you may include it as a poster; annotate who the presenting author was with an asterisk or “[presenting author]” in the author line. Make sure you list the authors in the correct order.

Q: If I am going to do an oral presentation in a month, do I put "anticipated" oral presentations?

A: Yes, you may do that.
FAQs: How to List Publications (continued)

Q: Does my thesis defense count as an oral presentation?

    A: No, it does not count as a separate oral presentation. It will be implied by your PhD.

Q: Do presentations in front of my departments or during rounds count?

    A: No.

Q: Are abstracts considered published if they are published in a conference booklet only?

    A: No, abstracts are not considered published if they are not disseminated beyond the conference. If they were a poster, though, you may put it in the poster section. Do not list things twice (i.e. once in a poster section and once in an abstract section—just list the abstract, if published).

Q: Can I list manuscripts currently in preparation?

    A: No. However, if they have been submitted, you can choose submitted from the drop-down in ERAS. Be prepared to answer any questions about the status of the manuscripts.

Create Personal Statement

Save (9 of 25) I was born in Oregon. I am the oldest of five children. My parents are both from the Midwest. They moved to Oregon for work when I was a child. I grew up in a small town where most people know each other. This has shaped my perspective on life and community. I have always been interested in medicine, and I decided to pursue a career in healthcare when I was in high school. I am currently in my third year of college and am planning to apply to medical school next fall. I have been involved in several extracurricular activities, including volunteering at a local hospital and participating in a research project on the effects of exercise on brain function. I believe that medical school will provide me with the opportunity to further explore my passion for medicine and contribute to the healthcare community. I am excited to see where this journey takes me.

Three steps to releasing your scores:

1. Authorize release through ERAS to sync current scores
2. Assign the USMLE score to a specific program (under the Programs section)
3. Once you receive updated Step 2 scores, go back into MyERAS and retransmit your scores
   - Think strategically about when or whether you want to release your Step 2 scores—discuss this with your Career Advisor or Dr. Woodruff.

AAMC Apply Smart data

Apply Smart: Data to Consider When Applying for Residency

Your likelihood of securing residency training depends on the programs you apply to.

Does submitting one more application always help?

Our researchers suspected that—unlike buying raffle tickets, where the more additional applications to residency do not necessarily increase chances—there was a point where the relationship between the number of applications submitted and the probability of getting a residency interview started to level off.

NRMP Residency Explorer

Residency Explorer™ Tool

RESIDENCY EXPLORER™ TOOL

The Residency Explorer tool will allow you to explore and compare residency programs in 23 specialties and compare your profile to applicants who matched at each program.

We encourage you to consult with a trusted advisor or mentor as you research programs.

To begin using the Residency Explorer tool, click Login to Account and sign in using your AAMC username and password. If you do not have an AAMC account, follow the steps to create an account.

The Residency Explorer tool delivers insights about residency programs based on original-source, verified data.
When using the Apply Smart data, remember…

• No advice is one-size-fits-all.

• You may receive different advice from different advisors or mentors.
  – This is a complex process with multiple possible approaches and a high degree of uncertainty.
  – This happens all the time in life, not just in residency advising!

• Use all data and advice at your disposal to make the best decisions for you.
This is an NRMP ID, *not* an Accreditation ID. If you are looking up a program by number and not finding it, it’s likely to be an NRMP ID. We recommend searching by specialty instead.

Assigning Documents

• If you do not see an LOR listed, you probably did not “confirm” it in the LOR section.

• You cannot assign an LOR until it has been uploaded.

• Only YOU can see how you’ve titled the LORs, so make sure they are clearly labeled.

**THE UNIVERSITY OF CHICAGO**

Pritzker School of Medicine
2022-23 ERAS Fees

Base Fee, 1-10 applications $99

Applications 11-20 $19 each

Applications 21-30 $23 each

Applications > 31 $26 each

USMLE Transcript Fee $80

- Example 1
  - 30 Emergency Medicine programs: [$99.00 + (10 x $19.00) + (10 x $23.00)] = $519

- Example 2
  - 20 OB/GYN programs [$99.00 + (10 x $19.00)] + 10 Family Medicine programs [$99.00] = $388
2022-23 NRMP Match Fees

Base Fee $70 for 20 ranks
Late registration fee $50 if you register after January 31
Couples $45 per partner
Additional Programs $30 for every program ranked above 20 ranks

From the NRMP: The NRMP also has capped at 300 the number of ranks allowed for individual applicants and applicants participating in the Match as a couple. In addition… there will be a new Length of Rank Order List Fee. Lists with 100 or more ranks will incur stepped fees, up to a maximum of $200 until the 300 rank cap is reached. These changes are being made to prevent applicants from entering over-long ROLs, some of which have exceeded 700 ranks without any apparent benefit to the applicants’ Match outcome.

Adding Programs After September 7

You can add programs after you have submitted your ERAS application, but you must re-assign your USMLE scores and photo.
Top 5 ERAS Points

1. Hit “Save” all of the time, and proofread.
   – View your ERAS application in both CV and “application” formats
   – Print your Assignment Report and make sure you assigned all your documents

2. Remember to click the final “Certify and Submit” button between September 7-28, and have your credit card ready! (We will send a reminder. Many reminders.)

3. Be deliberate when naming and assigning your letters and personal statements.

4. Track the status of your LORs and assign LORs to programs once they arrive.

5. You can add programs after Sept. 7, but be sure to re-assign your documents and USMLE scores.

  - Emergency Medicine*
  - General Surgery
  - Internal Medicine (categorical)
  - Internal Medicine/ Psychiatry
  - Interventional Radiology
  - Neurological Surgery
  - Neurology (Adult)
  - Obstetrics/Gynecology*
  - Orthopaedic Surgery
  - Pediatrics
  - Physical Medicine & Rehabilitation
  - Preventive Medicine
  - Psychiatry

*Emergency Medicine and OB/GYN will only use the supplement application for program signals
ERAS Supplemental Applications

- Programs in 16 specialties will be using a short, free supplemental application this year
  - A list of programs will be available in early July
  - Optional but strongly recommended (83% participation rate in 21-22)
  - Will also open Aug. 1 and close Sept. 16.
  - Programs can receive Sept. 28 (same as ERAS app and MSPE)
  - No additional fee

- You will NOT have to complete multiple supplemental ERAS applications. Your supplemental application. Your responses will be shared with all programs that are participating and to which you applied
ERAS Supplemental Applications

Sections of the Supplemental Application

• Past Experiences
  – Up to 5 most meaningful experiences + opportunity for reflection on why they were meaningful. Eliminate redundancy with ERAS application!
  – Other Impactful Experiences question (optional) = Challenges or hardships

• Geographic Preference
  – 9 regions; may select up to 3 or indicate no preference
  – Urban vs. Rural
  – Only programs in regions you select will see your selection
  – Helps programs identify applicants they might otherwise overlook
ERAS Supplemental Applications

Sections of the Supplemental Application (Cont.)

• **Program Signals**
  
  – Opportunity to express genuine interest in a program at time of application
  
  – Programs use as a screening tool for interview offers; not rank decisions
  
  – Helps programs identify applicants they might otherwise overlook
  
  – Number of signals you have varies by specialty
  
  – Use for target programs in which you have genuine interest; not advised for use on “reach” programs
  
  – Programs cannot see what other programs you signaled, if you used any signals, or if you did not signal them.
