  + Second meeting to review MSPE

Ask for Letters of Recommendation

Write your Personal Statement

  + Send a draft to your career and specialty advisors for review

Edit your ERAS application to near completion

This timeline is designed for students applying through the regular match.
Timeline Review: August – Early September

August – early September

MSPE Review

Continue to edit your ERAS application and Personal Statement

LORs uploaded (aim for Sept. 15)
Timeline Review: September 6-27

September 6  
Beginning of the three-week period where you can certify and submit your ERAS application

(Programs will NOT receive apps before 9/27)

September 15  
NRMP registration opens

(You must register for both ERAS and the NRMP)

September 27  
Programs begin receiving applications & MSPEs
Timeline: October - January

Oct – Jan  
Residency Interviews

January 9  
Urology rank list deadline

January 30  
Ophthalmology rank list deadline

January 31  
NRMP standard registration deadline
LORs: How many letters do I need?

Categorical Programs: 3-4 total letters

- 3 clinical letters
- 1 research letter (if appropriate)

Note: You cannot submit more than 4 letters to a single program.

Advanced Programs: 6-7 total letters

- Prelim/Transitional Year: 3 clinical letters
- Advanced Program: 3 clinical letters
- 1 research letter (if appropriate)

Note: Letter writers can use the same letter for both applications, as long as they are generic in their specialty recommendation.

(i.e. “I recommend John Doe for your residency program” instead of “I recommend John Doe for your Pediatric residency program”)

Review 8
LORs: Do I need a Chair’s Letter?

- Medicine*
- Medicine-Pediatrics*
- Preliminary Medicine*
- Neurosurgery
- Obstetrics and Gynecology
- Orthopedic Surgery
- Otolaryngology (Section Chief)
- Pediatrics (some programs)*
- Plastic Surgery (Section Chief)
- Surgery
- Urology (Section Chief)

*Another faculty member writes the letter in conjunction with the Chair.

Emergency Medicine, Neurosurgery, and OB/GYN utilize a “Standardized Letter of Evaluation” (SLOE), and Plastic Surgery is starting to do the same. Check with the section for details, and refer to your Residency Process Booklet.

If you are applying in both Preliminary Medicine and transitional programs, you could use the same set of letters for both if the letters are generic in their specialty designation.

**ERAS**  
The Electronic Residency Application Service  

ERAS is the web-based program students and staff use to compile and distribute residency application components.

**NRMP**  
The National Resident Matching Program  

The NRMP is a nationwide non-profit organization that standardizes the residency matching process. Students submit rank lists to NRMP, *not* through ERAS.

*You must register for both ERAS and the NRMP!*
Dear Dr. Tyler Lockman,

Welcome to MyERAS! Your AAMC ID is 14340376 and your User Name is TYLERLOCKMAN. You will use this User Name to access all your applications.

To return to MyERAS, or if you need additional information on ERAS, please visit https://urldefense.com/v3/__https://students-residents.aamc.org/applying-residency/applying-residencies-eras/__劫!!IMvNZe7V6M35iZPhbgw_hFU/wd0EFIP8YaWe6IUw5L9wzUJdorKmQUj3Bt5aOTvISQqD7CpW5U7CwFzgaAd6Hkl.mB6q4KoheyDCkhjip5.7K.

Things to remember:
1. All passwords are case-sensitive. The password 'DOCTOR' is not the same as the password 'doctor'.
2. You will not be able to certify your application until September 7th at 5:00 AM ET.
3. Being registered with ERAS does not mean that you are registered with the NRMP or any other Match. Guiding Principles for Listing Publications

• Be honest in representing all of your myriad accomplishments—but do not try to pad your application
  – Certain situations will require that you list things twice under two separate categories
  – Use your best judgement, and then…
  – Consult your Career Advisor!

• When it is not reasonable to list multiple similar or identical publications/presentations, list them once under their “highest value”. In order, that is:
  1. Manuscript
  2. Published abstract
  3. Oral presentation
  4. Poster presentation

• National > Regional > Local
FAQs: How to List Publications

Q: For poster presentations, should we list internal conferences like Medical Education Day or SRP?

   A: Yes. Include poster presentations given at any formal, organized event, even if they are internal.

Q: If I was listed as an author on a poster or oral presentation but did not present it, should I list it?

   A: Yes, you may include it as a poster; annotate who the presenting author was with an asterisk or “[presenting author]” in the author line. Make sure you list the authors in the correct order.

Q: If I am going to do an oral presentation in a month, do I put "anticipated" oral presentations?

   A: Yes, you may do that.
FAQs: How to List Publications (continued)

Q: Does my thesis defense count as an oral presentation?

    A: No, it does not count as a separate oral presentation. It will be implied by your PhD.

Q: Do presentations in front of my departments or during rounds count?

    A: No.

Q: Are abstracts considered published if they are published in a conference booklet only?

    A: No, abstracts are not considered published if they are not disseminated beyond the conference. If they were a poster, though, you may put it in the poster section. Do not list things twice (i.e. once in a poster section and once in an abstract section—just list the abstract, if published).

Q: Can I list manuscripts currently in preparation?

    A: No. However, if they have been submitted, you can choose submitted from the drop-down in ERAS. Be prepared to answer any questions about the status of the manuscripts.

AAMC Apply Smart

Apply Smart for Residency

Applying to residency involves a complicated set of steps and decisions. The AAMC is committed to providing information to help you apply smarter for residency. We have curated a series of resources that explain the process and ensure that the residency program you select is the right fit for you.

Understanding the Application Process

Get answers to your questions about the residency application process. This section features the timeline that will guide you through the process and distills key information, including what is required for each step in the process.

Researching Residency Programs and Building an Application Strategy

The AAMC provides tools and data to help residency applicants build an effective application strategy.

Supporting the Transition to Residency

The transition to residency is a time of critical importance in a medical student’s journey to become a physician. The AAMC is developing tools and information to better support students, their advisors, and program directors during this phase.

RESIDENCY EXPLORER™ TOOL

The Residency Explorer tool will allow you to explore and compare residency programs in 23 specialties and compare your profile to applicants who matched at each program.

We encourage you to consult with a trusted advisor or mentor as you research programs.

To begin using the Residency Explorer tool, click Login to Account and sign in using your AAMC username and password. If you do not have an AAMC account, follow the steps to create an account.

The Residency Explorer tool delivers insights about residency programs based on original-source, verified data.

When using the Apply Smart data, remember…

• No advice is one-size-fits-all.

• You may receive different advice from different advisors or mentors.
  – This is a complex process with multiple possible approaches and a high degree of uncertainty.
  – This happens all the time in life, not just in residency advising!

• Use all data and advice at your disposal to make the best decisions for you.
This is an NRMP ID, not an Accreditation ID. If you are looking up a program by number and not finding it, it’s likely to be an NRMP ID. We recommend searching by specialty instead.

• If you do not see an LOR listed, you probably did not “confirm” it in the LOR section.

• You cannot assign an LOR until it has been uploaded.

• Only YOU can see how you’ve titled the LORs, so make sure they are clearly labeled.

2023-24 ERAS Fees

Base Fee, 1-10 applications $99

Applications 11-20 $19 each

Applications 21-30 $23 each

Applications > 31 $27 each

USMLE Transcript Fee $80

- Example 1
  - 30 Emergency Medicine programs: [$99.00 + (10 x $19.00) + (10 x $23.00)] = $519

- Example 2
  - 20 OB/GYN programs [$99.00 + (10 X $19.00)] + 10 Family Medicine programs [$99.00] = $388
# 2023-24 NRMP Match Fees

<tbody>
<tr>
<td>Base Fee</td>
<td>$70 for 20 ranks</td>
</tr>
<tr>
<td>Late registration fee</td>
<td>$50 if you register after January 31</td>
</tr>
<tr>
<td>Couples</td>
<td>$45 per partner (+additional stepped fees over 100 ranks)</td>
</tr>
<tr>
<td>Additional Programs</td>
<td>$30 for every program ranked above 20 ranks</td>
</tr>
</tbody>
</table>

From the NRMP: The NRMP also has capped at 300 the number of ranks allowed for individual applicants and applicants participating in the Match as a couple. In addition... there will be a new Length of Rank Order List Fee. Lists with 100 or more ranks will incur stepped fees, up to a maximum of $200 until the 300 rank cap is reached. These changes are being made to prevent applicants from entering over-long ROLs, some of which have exceeded 700 ranks without any apparent benefit to the applicants’ Match outcome.
