Shout Outs!

Hey **Mario**, thanks for your presence and help this entire block!

Dawson, your humor has helped me get through this rotation.

Zhong, I'm so grateful when we run into each other.

Anna, you're a trauma boss!

Mahesh, thank you for "carpooling" with me for 5 weeks straight.

I hope you had a great birthday **Caitlin**! Love you.

I appreciate **Divya** for her diligence, humility, and compassion for her patients on her rotations!

November 13, 2023 (Winter Class Meeting)

- Focus on third year
- Don't ask for LORs yet
- Meet with your advisor/noteworthy characteristics
- You will hear all this information again
- There is a team of people here to help

Financial Aid Update

Financial Aid Disbursement Dates

- Spring – 2/2/24
- Summer – 6/3/24

* Refunds processed 1-2 business days after disbursement

Loan Repayment Strategy Meeting

- Estimate Monthly Payment During and After Residency
- Estimate length of repayment term
- Consider the impact of PSLF.

Residency Application Process

Specialty Session with Residency Program Directors

MS4 Scholarship & Discovery

February 12, 2024

Orientation to MS4

Pritzker School of Medicine

Individualized Approach

- Everyone is in a different place with their scholarly project → Everyone will have different goals for MS4 S&D
- YOU will create and report your personal goals for MS4 S&D
 - Guidance from your track leader is encouraged

Questions to consider in developing goals

- **Main question: What is the status of your S&D project?**
- Are you at a 'natural' stopping point?
 - Publication NOT required but
 - Do you have something to submit an abstract in Spring?
- Have your scholarly interests evolved?
 - Need to do specialty-specific research?

Typical Mechanism

- Many options on how to satisfy MS4 S&D
- Must take 100 Units MINIMUM (1 month)
- **Recommended: Work on scholarly project**
 - From 100 units (min) to max of 300 units (3 months) (BWF Fellows 400 units)
 - Linear path (same mentor/project) -> Work on your S&D project from the Block
 - BUT there are reasons for nonlinear paths too
 - Start a new project (same mentor or a new one)
 - Specialty-related research (try to relate to track)

Do I change my track??

ALTERNATE OPTION: Take an Elective

- Enhance understanding of focused area **related to scholarly interests or project**
 - IF your scholarly project has reached a natural stopping point
- Because everyone's interests vary,
 - ANY nonclinical elective could apply (*need to explain how it enhances your S&D goals*)
 - CANNOT use clinical rotation or same elective used to meet “basic science” requirement

More Time

- Can decide which months you would like to dedicate to MS4 S&D
- Can decide how much time (1 to 3 months) to devote
- Consider your goals
 - New projects started in S&D Block will probably need more time
 - Seek guidance from mentors OR track leaders

REPORTING: Learning Plan

- What are your goals for MS4 S&D?
- What will you do to satisfy MS4 S&D?
- Why?
- Reviewed by Track Leaders and S&D Team
 - Review plan with track leaders if you need guidance
- Submitted via RedCap
 - Open from **May 20, 2024 to July 8, 2024**
 - Includes intent to participate in Senior Scientific (May 14, 2025)

Senior Scientific Session

- OPTIONAL but encouraged
- 100 units additional towards graduation
- **May 14, 2025**
- In learning plan, you will indicate your participation

Final Submission

- **Required** regardless of whether you participate in Senior Scientific
- Includes a structured abstract, e-poster, and reflection survey
- Due early Spring quarter (March 24, 2025)
 - Reviewed by Track Leaders and S&D Team to decide whether requirements of MS4 S&D are met

What do I need to submit?

	MS2/MS4 data?	SSS required ?	Notes
100 units– coursework	Either	No	<ul style="list-style-type: none"> -MS2 project must be complete, with data -Can submit MS2 poster, with edits per the comments from Track Leaders
100 units– research	Either	No	<ul style="list-style-type: none"> -Can choose to submit MS2 work (per above) -If submitting MS2 work, will need to complete Progress Report describing MS4 work
150-250– research	Either	No	<ul style="list-style-type: none"> -Can submit MS2 work <i>if there is new data or a new work product</i> (ie manuscript written in MS4) - If no new work product for MS2, must submit MS4 work with data - Must submit Progress Report
300-- research	MS4	No	<ul style="list-style-type: none"> - Must submit MS4 work with data - Must submit Progress Report
Fentress/Arnold	MS4	Yes/MS4 work	<ul style="list-style-type: none"> - Must submit MS4 work with data - Must submit Progress Report

Lifelines

- Track Leaders are your main point of contact for guidance on the process
- S&D Team for inquiries on logistics or anything your track leader can't answer
- Your mentor is a valuable source of information and guidance
 - Check in with them about the status of any projects and discuss your thoughts with them

Emergency Medicine Clerkship

Emergency Medicine Clerkship

Co-Clerkship Director

- Keme Carter, MD

Co-Clerkship Director

- Alejandro Palma, MD

Clerkship Administrator

- Latiffany Connelly

NorthShore Site Director

- Joanna Davidson, MD

NorthShore Administrator

- Tabitha Rosca

Why Emergency Medicine?

- Understand how to evaluate the acutely ill, undifferentiated patient
- Ability to exercise acute care decision making
- Unique opportunity to practice many fundamental skills you have learned in the last year
- Ability to practice and master technical/ procedural skills

Clerkship Requirements

- Orientation Day attendance
- Completion of 16 shifts
- Attendance at all simulation/didactic sessions
- Case presentation
- Passing grade on final exam

Orientation Day

- Attendance prior to starting your first shift is mandatory
No exceptions!
- Orientation is on the first working day each month from 8:00am -3:00pm
- Conflict with the date of Orientation?
 - Option 1- Attend the orientation of another month prior to the start of your clerkship
 - Option 2- Switch your clerkship to another month

Shift Requirements

- Each student will complete 16 shifts
- Schedules will be chosen from a template sent out 1 month in advance
- No clinical shifts the night before didactic day
- Must comply with duty work hours
- No schedule changes unless approved by clerkship director or site director
- Excessive requests for days off will not be granted

Didactics and Simulation

- Must attend all simulation and didactic sessions
No exceptions!
- Takes place on Wednesdays in the NorthShore simulation lab- 7:30am

Planning your Fourth Year

Jason Poston, MD

Assistant Dean for Medical School Education

Goals of Fourth Year

- Enhance skills of clinical practice
- Round out clinical education
- Continue scholarly work
- Consolidate medical and scientific knowledge
- Prepare for internship and residency
- Explore, decide medical specialty choice
- Match successfully with training program

How is Fourth Year Different?

Transition from student to physician

Fourth-year Requirements

1350 units required for graduation

Sub-internship	150 units
Emergency Medicine clerkship	150 units
Add'l sub-I or clinical elective	150 units
Scientific Basis of Medical Practice	150 units
Scholarship & Discovery	100 units
USMLE Examination (Step 2CK)	_____
	700 units

How to earn 650 remaining credits?

- Clinical electives
- Non-clinical electives
- PE experiences
- Research
- Completion of dual-degree programs

Sub-Internship

- Assume primary responsibility and ownership for patient care at the level of an intern in that specialty
- Organize and prioritize the work inherent to managing an inpatient service
- Participate in cross-cover duties and transitions of care
- Full month in length with full-time, rigorous schedule

Emergency Medicine Clerkship

- 4 week clerkship
- Either UChicago or NorthShore
- Everyone does simulation lab at NorthShore

Scientific Basis of Medical Practice

- Explore scientific underpinnings through clinical lens
- “Mix and match” in areas of interest
- Designated courses
- Half (75 units) of requirement may be satisfied with PE role in basic science courses
- In rare cases, may create independent study
- Research does not fulfill requirement

Scholarship & Discovery

- Minimum of 100 units during senior year
- Maximum of 300 units (3 months)
- Work on scholarly project
- Non-clinical elective related to scholarly goals
- Presentation at Senior Scientific Session encouraged
 - May 2025, worth 100 units

Electives

- Clinical or non-clinical
- Balance specialty and general knowledge
 - Necessary to prepare you
 - Seize opportunities outside your chosen specialty!
- Home or away
 - Up to 2 away rotations can be completed **for credit**
 - Additional rotations may be completed with PSOM approval, but not for credit
 - Not necessary/advised for all students

Other Experiences

- Peer educator
- Leadership roles at Pritzker
- Interviewing for residency
- Preparing (logistically) for what's next

How Individualized?

- Twenty-three different specialties
- Sub-specialties (17 for medicine, 13 for peds, ...)
- Clinical v. Research v. Education v. Other
- Life events
- Life priorities
- Luck of the draw (The Lottery)

Fourth-Year Interface (FYI)

FYI - My Mock Schedule

Objectives

Click [here](#) for more information about each objective.

The colors represent the amount of exposure with regard to each objective. We recommend that you build a schedule that allows for sufficient exposure in all areas.

- Red: Very limited exposure
- Yellow: Limited exposure
- Green: Sufficient exposure (*recommended*)

Requirements

Your requirements are on the left. Please note the following:

- FYI is just a workbook, and not necessarily an accurate accounting of 4th year units and requirements for graduation.
- No more than 75 units of PE credit can be used for basic science selective credit.

Your other requirements are displayed on the right. Check off each requirement when it has been met.

Course	Basic Scie...	ER	S&D	Sub-I	Clerkship

Welcome

Welcome, Michael McGinty to the 2024 Senior Class Lottery.

If your name or class designation is incorrect, please **stop**

1. You have now successfully logged into the system.
2. The list at the bottom of the page indicates the areas to be addressed in the current phase.
3. Please review your eligibility for your requirements. If you notice an error, notify **Michael McGinty** immediately.
Note: Your session will be terminated if it is idle for more than 20 minutes. You will have to re-login to return to this screen. Any changes you have not applied will not be saved.
4. Please logout when you are finished by clicking the **Logout** button at the top of the page.

Current phase: Phase I

Current phase dates: February 12, 2023 thru February 14, 2023

Requirement	Eligible?	# Ranked	Action
Basic Science	Yes	0 ranked	View Ranked Courses
Emergency Medicine	Yes	0 ranked	View Ranked Courses
Family Medicine	No	NA	N/A
Inpatient	Yes	0 ranked	View Ranked Courses
Neurology	No	NA	N/A

Basic Science

Instructions:

1. A total of 150 credits of selectives in the Scientific Basis of Medical Practice is a senior requirement.
2. Choose the areas of Basic Science in which you would like to take courses, then click the **"Select Courses"** button at the bottom of the page.
3. The next page will allow you to rank the courses in the areas you have selected.
4. Do not use your browser's **"Back"** button. Clicking the **"Cancel"** button will discard your selections and return you to the Welcome screen.
5. After you have ranked your choices, select the **"Review Rankings"** button at the bottom of the screen where you will have a chance to change your rankings.

Note: your course selections are not logged into the database until you have clicked "Accept" on the next screen.

6. You may return to the Lottery and change your rankings until this phase of the lottery closes. The opening and closing dates are on the Welcome screen.
7. For help, click on the **"Help"** button at the top of the page.

DEPARTMENT: (ANCC) Anesthesia/Crit.Care

- ☐ Neuroscience of Pain and Opioids

Taking Care of Business

- What kind of doctor do I want to be?
- What will it take for me to get there?
- How do I use the available resources to advance my progress?

Growth Mindset

Mindset Matters...

Growth Mindset

- I like to challenge myself
- When I fail, I learn
- My effort and attitude determine everything
- My growth is the most important thing

Performance Mindset

- Challenges make me anxious
- Avoid failure at all costs
- My abilities determine everything
- My performance is the most important thing

Health

Your Health on the Clinical Clerkships

- Effectively addressing your health is one aspect of finding work life balance
- Communication is essential
- Emergencies: Notify your team and get attention
- Scheduled appointments: Notify your clerkship director as soon as possible, preferably before the clerkship experience is scheduled
- Needlestick/Exposure
 - Clean the area
 - Call Hotline – 188-9900
 - Communicate with supervisor

Access to Campus Services

UChicago Student Wellness

Most students* have access to a robust array of student support services at the University, including healthcare.

* College students and most registered graduate students

Your Health on the Clinical Clerkships

- wellness.uchicago.edu
- Student Health Service – “Medical Services”
- Student Counseling Service – “Mental Health Services”
- USHIP
For non-emergencies, students with USHIP rotating at off-campus locations (inc. NorthShore) should contact SHS for care
- Immunization Records
Log into my.WellnessPortal using your Cnet ID and password

Dr. Woodruff has made himself available to you to help you work through what steps you may need to take if you are experiencing a health care emergency or challenge. O:773-795-1051; C: 773-251-5231

Working in the Health Care Environment

Needlesticks/Exposure at UCM

- Clean/decontaminate
- Call Hotline: 188-9990
- Notify supervisor

Pritzker is responsible for these expenses.
Send bills to Candi Gard in BSLC 104.

Needlesticks/Exposure Offsite

- NorthShore: Go to NS Occupational Medicine
- Other Location: Follow protocol at that location

Your Health: Take Home Points

Contact Dr. Woodruff or Dr. Lee:

Help you work through steps to take if you are experiencing a health care emergency or challenge.

Dr. Woodruff: 773-251-5231

Dr. Lee: 646-483-9327

Lyft Ride Smart

- Students can take up to 7 free standard Lyft rides per month (up to \$10 off per ride)
- 5pm-4am - Seven nights a week
- The rides must begin and end within the campus service area
- <https://safety-security.uchicago.edu/transportation/lyft-ride-smart-program>

Metra 10-Ride

- Students can sign up by January 31 on my.uchicago.edu to receive a free 10-ride [Metra Electric](#) pass
- *Beginning February 1*, Metra will offer a Day Pass 5 Pack. The Day Pass 5 Pack is good for all Metra lines including, but not limited to, Metra Electric. Students can sign up for either a free 10-ride pass by January 31 or a free Day Pass 5 Pack beginning on February 1.
- Students must sign up for a [Ventra](#) account before claiming a pass.
- Students who already claimed a free 10-ride ticket during Autumn Quarter are not eligible for the free 5 pack this academic year.
- <https://safety-security.uchicago.edu/news-alerts/2023-09-20-transportation-options-for-students>

Safety Reminders

- Don't walk alone in the dark
- Wait for shuttle (*bring something to read*)
- Be aware of your surroundings – **Do not be distracted by your phone when walking**
- Don't cut through alleys
- Use call boxes
- Always lock your doors, close your windows when you leave home.
(*laptops, etc. out of view*)
- Do not leave items visible in your locked car
- If you see or hear something concerning, call UC Police for questions about personal safety (*If you are concerned, you don't need to wait for an alert*)

UChicago Safe App

The app is easy to download and free.

Some of the provided services are:

- Direct calling capabilities for the UCPD and CPD with the tap of an icon
- Mobile blue light sends your location and calls UCPD simultaneously
- Links to safety resources
- The ability to report a crime or speak to our dispatch center
- UChicago Safe will provide information for emergencies and what to do in case of an emergency. Access to transportation information can be accessed on the app as well.

Discrimination, Harassment & Sexual Misconduct

Discrimination, Harassment & Sexual Misconduct

[Student Support Overview](#)[Safety & Security Resources](#)[Academic Resources](#)[Area Dean of Students](#)[Bias Education & Support Team \(BEST\)](#)[Dean-on-Call Program](#)[Dean-on-Call Program Applications for
University Staff](#)[Discrimination, Harassment & Sexual
Misconduct](#)[Sexual Assault Dean-on-Call Program](#)[Disciplinary & Legal Options](#)[Resources & Confidentiality](#)[Resources for Sexual Violence Prevention](#)[Health & Medical Resources](#)[Medical Resources](#)[Mental Health & Counseling](#)[Insurance](#)[Title IX](#)[umatter.uchicago.edu](#)

Discrimination, including harassment, sexual assault, and other types of sexual misconduct, compromises the integrity of the University. Sexual misconduct may violate the law, does violate the standards of our community, and is unacceptable at the University of Chicago. Sexual misconduct can be devastating to the person who experiences it directly and can be traumatic to the person's family, friends, and the larger community as well. In instances of sexual misconduct, special resources are available to help students and other members of the University community. Every effort is made to preserve privacy and respect a person's wishes.

Sexual Assault

The University's definition of sexual assault includes the State of Illinois Criminal Code's current terminology and definitions of both sexual assault (frequently referred to as rape) and sexual abuse. The University incorporates the State's very explicit definitions of several important terms and recognizes that sexual assault is not a gender-specific crime.

ABOUT

Student Treatment

Statement of Policy

The Pritzker School of Medicine at the University of Chicago is committed to maintaining an academic and clinical environment in which faculty, fellows, residents, students, nurses, and other medical staff work together freely to further education and research and provide the highest level of patient care, whether in the classroom, the laboratory, or the hospital, and clinics. The school's goal is to educate future physicians to meet high standards of professional behavior as outlined in the Pritzker School of Medicine's Guidelines of Professionalism and to practice in a learning environment where effective, humane, and compassionate patient care is demanded and expected.

Bias & Mistreatment Reporting Instrument 2022-23

The Pritzker School of Medicine is committed to ongoing improvement in teaching, clinical care and the training environment. Concerns reported through this website will be used in efforts to improve student education and patient care.

A submission of this form constitutes an initial report to the Pritzker School of Medicine. Please use this form to report individual incidents. If you have multiple concerns, please select "Make Another Report" at the end of the survey. You can submit this report anonymously. Required fields are labeled.

While we hope to use this information to provide real time feedback to members of our learning community, students submitting the information can control how this information will be used (timing, anonymity, for feedback or simply leadership review).

Examples of Misreatment +

Reporting Mistreatment +

University Grievance Procedures -

In extraordinary circumstances, students may request that a grievance case be handled by the Office of the Provost. If a student wishes to submit a grievance case to be handled by the Provost's Office, they must provide supporting rationale for why their case cannot be fairly heard within the Pritzker School of Medicine. Using reasoned judgment, requests will be reviewed by the Office of the Provost to determine if the case is appropriate for University review. Decisions by the Office of the Provost are final and unreviewable.

NorthShore

NorthShore: Hotel Reservations

Remember!

- Review your housing dates in advance of your clerkships at NorthShore.
- Let Berna Jacobson know as soon as possible if dates need to be adjusted.

Hotel accommodations are available to students who live more than 12 miles from Evanston Hospital. (Exceptions may be considered by NS)

- Please notify NS if plans change or there is a need to cancel reservations altogether.
- Remember to check out before 11:00am
- Lack of communication may result in you being charged for the reservation

NorthShore: Uber for Business

- In general, NorthShore Uber is only to be used as **the last resort** when no other transportation option is available
- NorthShore's current guidelines are included in the "Uber Statement of Accountability" form that you signed during the Clinical Biennium.
- Usage will continue to be audited by NS accounting and NS Academic Affairs. If they contact you, please promptly follow-up.
- If you aren't sure if your circumstance is reimbursable, check with NorthShore IN ADVANCE.

Preparing for your MS4 Year

- **Schedule USMLE Step 2 CK**
 - Deadline to take Step 2 is **July 15, 2024**
- **OSHA Requirements for MS4**
 - Schedule an appointment at SHS for mask fit
- **ERAS Photo**
 - Watch your email for dates in April & May
- **MS4 Class Meetings**
 - There are 4 class meetings to help you navigate the residency application process.
 - Meeting #1: Residency Application Overview (**May 29, 2024 - 5:00pm**)

Odds & Ends

I need help with.....

- Hospital or BSLC Access
- Lost ID

PRITZKER
WELLNESS

The logo graphic for Pritzker Wellness features a stylized red hand holding a grey dove, symbolizing peace and care.

Important decisions ahead

Pritzker Career Planning

- When do students make the final decision about which specialty to apply in?
 - 50% Winter MS3
 - Additional 25%: Spring MS3
 - Additional 25%: Start of MS4

Critical Event Coaching

- **Critical Event**

- CART or patient death
- Tension with team
- Family meetings
- Conflict with support staff

- **Important to reflect and debrief immediately**

**Email or Text Drs. Lee or Woodruff to meet with you
within 24-48 hours**

Re-framing Receiving Feedback

- Recognizing the Goal of Feedback
- Acknowledgement that it's not a perfect system
- Reality of being in a new environment where you are not an expert
- Positive impact from any type of feedback – you are PRACTICING medicine!
- Includes many forms & perspectives
 - Attendings
 - Residents
 - Pritzker Chiefs
 - Advisors – Dr. Lee and Dr. Woodruff
- Student agency in seeking feedback

Peer Provider Recommendations

Included in each week's TWAP.

Students get 12
free sessions per
academic year

Top Tips

1. Come to your initial appointment with questions for the therapist. For example:
 - What should I expect from a typical session?
 - Do you provide online and in-person appointments?
 - Can I contact you for support outside of our scheduled appointments?
2. Finding a therapist is like dating – chemistry is important. Are the vibes off?
Move on to the next person!
3. It is valid to look for a therapist who shares identities with you.
4. If you are looking for long-term therapy, a community provider is the best option because the UChicago options (including TimelyCare) have a yearly cap on therapy appointments.
5. Watch M3 Wellness Rep Meera's interviews with mental health providers at Student Wellness. Find them on Instagram at [pritzker_wellness](#).

Wellness Committee

- Wellness representatives
 - 4-5 reps per class
 - Student Leadership Position
 - Nomination and Election Process

Applying to Residency: The Year Ahead

MS3 Spring Class Meeting

February 12, 2024

Jim Woodruff, MD

Dean of Students

MATCH DAY!

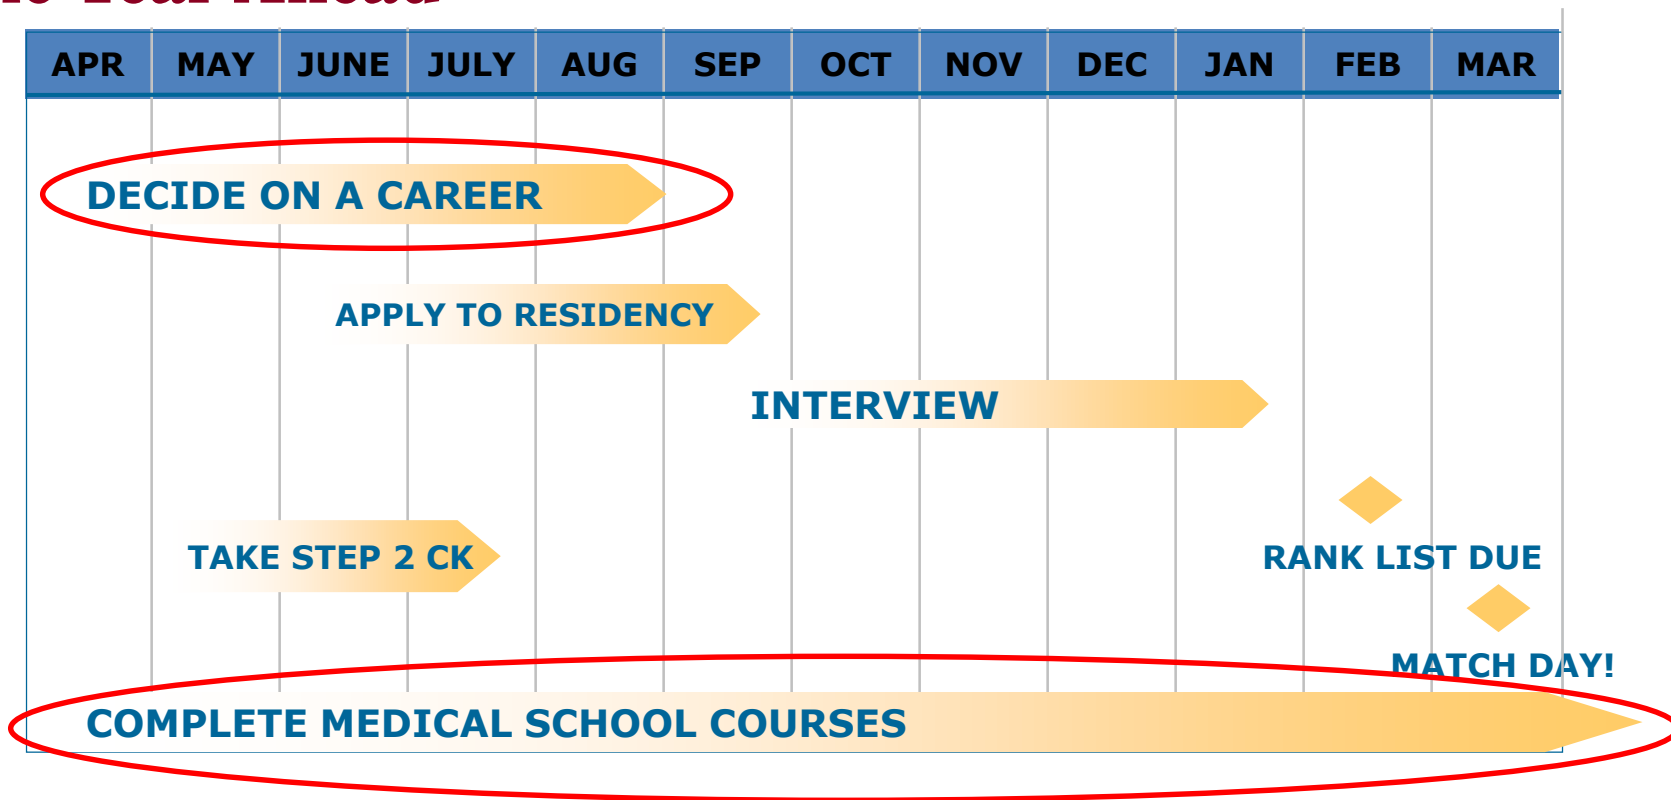

Our Goal for You: A Fulfilling, Satisfying Career

Applying to Residency

Strategy and Scheduling for the Year Ahead

The Year Ahead

Career Selection Factors to Consider

- Is the specialty a good fit?
- Do your skills, interests, and values match the specialty?
- Long term career goals
- Long term personal goals
- Are you a good fit?
- Consider your entire record and review with your Career and Specialty Advisors

Be Realistic

- When considering a specialty, consider the competitiveness of the specialty and your competitiveness as an applicant.
- Look at your entire portfolio
 - Clerkship designators reported on the MSPE
 - Awards
 - USMLE scores
 - Research & publications
 - Joint degree
 - Extracurricular activities
- Consider subjective personal wishes and specialty features

Career Selection Resources

- Career Advisors
- AAMC Careers in Medicine website
 - Medical Specialty Preference Inventory (150 questions, 30 minutes)
 - Physician Values in Practice Scale (60 questions, 10 minutes)
 - Specialty Pages
- FREIDA: AMA online database of residency programs
- Your MS4 peers! (ex. PMAP)

Fourth Year Schedule

- **Regular Match:**

October – January flexible for interviews

- **Early Match (Military, Ophthalmology, Urology):**

September – December flexible for interviews

- **Smaller Specialties / Surgical Subspecialties:**

November– February flexible for interviews

Dermatology

Neurosurgery

Orthopaedic Surgery

Otolaryngology

Plastic Surgery

Radiation-Oncology

See the Residency Process Book for sample schedules

Fourth Year Schedule

- Build flexibility for residency interviews into your fourth year schedule
- Having an interview is not an excuse to miss days in a Sub-I or a fourth year rotation

Away Rotations

- Refer to the Residency Process Book for specialty-specific information
- The Away Rotation page on our website has a full list of resources

The screenshot shows the top of the Pritzker School of Medicine website. The header includes the University of Chicago logo, the school's name, and navigation links like 'Apply', 'Contact', 'Give', 'Learn', and 'Go'. A secondary navigation bar lists 'About', 'Academics', 'Admissions', 'Community Service', 'Scholarly Opportunities', 'Resources', and 'Student Life'. A black banner with white text provides a COVID-19 update link. Below this, the 'ACADEMICS' section is highlighted, and the 'Away Rotations' title is prominently displayed. The introductory text explains that away rotations are a way for students to learn more about specialties, with a list of specialties including Cardiothoracic Surgery, Dermatology, Emergency Medicine, Neurosurgery, Obstetrics-Gynecology, Ophthalmology, Orthopaedic Surgery, Otolaryngology, Pathology, Plastic Surgery, PMR, Radiation Oncology, and Interventional Radiology.

THE UNIVERSITY OF CHICAGO Pritzker School of Medicine

Apply Contact Give Learn Go

About Academics Admissions Community Service Scholarly Opportunities Resources Student Life

Get the latest updates on COVID-19 from the University of Chicago <https://goforward.uchicago.edu/...>

ACADEMICS

Away Rotations

Students choose to do away rotations as a way to learn more about a particular program or specialty. Most programs do not require fourth year off-campus rotations, however, some specialties expect medical students to participate in away rotations prior to applying for residency. These specialties include Cardiothoracic Surgery, Dermatology, Emergency Medicine, Neurosurgery, Obstetrics-Gynecology, Ophthalmology, Orthopaedic Surgery, Otolaryngology, Pathology, Plastic Surgery, PMR, Radiation Oncology, Interventional

The Year Ahead

USMLE Step 2

- Must take Step 1 and Step 2 CK in order to graduate
- May register up to 6 months before the date of the exam
- Early sign-up is recommended to get the date/location you prefer
- For optimal use of Step 2 during the interview offer process, take it by mid-July to ensure you have a Step 2 score when you apply to residency programs in September
 - Increase in PDs using Step 2 scores during interview offer process (Oct-Nov)
 - Increase in Step 2 failures across the country
- PSOM deadline: **July 15, 2024**

Why do I have to take Step 2 by July 15?

- Increasingly, residency programs will not rank applicants unless they can see evidence that you have passed Step 2 CK
- Increasing number of program directors in some specialties say they use Step 2 CK to select students for interview
- Test sites/times fill up at least 3-4 months in advance. Scheduling to take your exam by July ensures you will be able to graduate!
- Students tend to do better on Step 2 when they complete the tests immediately following their clerkships

The Year Ahead

Applying to Residency

Key Vocabulary

Applying to Residency: Key Vocabulary

- **Electronic Residency Application Service (ERAS)**
 - A service that transmits residency applications, letters of recommendation, MSPEs, transcripts, and other supporting credentials from medical schools to residency program directors via the internet.
 - <https://www.aamc.org/students/medstudents/eras/>

Applying to Residency: Key Vocabulary

- **National Resident Matching Program (NRMP)**
 - Matches applicants to programs according to the preferences expressed by both parties (applicants and programs)
 - The NRMP is an applicant-favoring process
 - <http://www.nrmp.org/>

Applying to Residency: Key Vocabulary

- **Main Match:** offers PGY-1 and PGY-2 level residency training positions in most specialties.
- **Early Match:** collection of specialties that operate outside the main match, earlier match process (ophthalmology, urology)
- **Couples' Match:** couples can link their program choices together so that they can be matched into a combination of programs suited to their needs.
- **Military Match:** match held by the US Armed Services.

Applying to Residency: Key Vocabulary

- **Military Match:** Varies by branch: some apply through ERAS & match through the Military Match; some apply outside of ERAS
- **OB/GYN:** Apply through ResidencyCAS and match through NRMP
- **Plastic Surgery:** Apply through Plastic Surgery Common Application (PSCA) and/or ERAS (you may need to use both), match through NRMP
- **SF Match:** Apply through SF Match and match through SF Match for Ophthalmology (<http://www.sfmach.org/>)
- **Urology:** Apply through ERAS & match through the AUA (<http://www.auanet.org/education/residency.cfm>)

Applying to Residency: Key Vocabulary

- **Medical Student Performance Evaluation (MSPE)**
 - A letter of evaluation that describes a student's performance in medical school
 - Not a letter of recommendation
 - Released to programs on September 25, simultaneously with your ERAS application

Couples' Match

- Anyone interested in couple matching **must**:
 - Notify your Career Advisor & Tyler Lockman
 - Schedule a meeting with Dr. Woodruff no later than early Spring

Applying to Residency

Putting together your application...
and the people who will help you do it

Steps in Applying to Residency

- Get to know the career advising team
- Select a Specialty Advisor
- Understand the components of an application

The Career Advising Team

Dean of Students: Jim Woodruff, MD

Coggeshall Career Advisors

- Brian Callender, MD'04, AM'98
- Maureen Beederman, MD'14

Lewis Career Advisors

- Victoria Barbosa, MD, MPH
- Tipu Puri, MD, PhD

MSPE Director

- Barrett Fromme, MD, MHPE

Huggins Career Advisors

- Arlene Roman, MD
- Brandon Baird, MD

Rowley Career Advisors

- Wei Wei Lee, MD, MPH
- Brady Still, MD'17

Support Staff

- Kate Blythe
- Tyler Lockman

Career and Specialty Advisors

A Career Advisor provides
primary care:

- Counseling & navigation of the entire match process
- Honest assessment of your overall competitiveness, strengths and weakness
- **Assigned** to you

A Specialty Advisor provides
specialty care:

- Advice on individual programs & potential letter writers
- Understands nuances of specialty application process
- **Chosen** by you

Career Advisor Limitations

- Never worked in specialty
 - May have excellent observations about specialty, but no direct experience
- May miss application nuances
 - Each specialty has their own style

Specialty Advisor Limitations

- Specialty Loyalty
 - May not be able to assess your relative competitiveness
 - May not understand nuances of today's application requirements
- Recruiter Mentality
 - Promote their favorite programs

Assembling your Team

Jan. – June	# 1 Career Advisor Check-in: Career Selection
April – June	Complete Online Residency Application Survey
May – June	Specialty Advisor Appt. Bring to the meeting: <ul style="list-style-type: none">• A draft of your personal statement• A draft of your CV
April – July	MSPE Appt. Prior to the meeting: <ul style="list-style-type: none">• Send CV draft to Tyler for review/revision• Noteworthy Characteristics finalized (by April 1)• MSPE Survey MUST be completed
June – Aug.	# 2 Career Advisor Check-in: Application
July – Aug.	MSPE Review
Aug. – Sept.	# 3 Career Advisor Check-in: Interview
Jan. – Early Feb. 2024	# 4 Career Advisor Check-in: Rank list

Components of an Application

- Application (ERAS, SF Match, etc.)
- USMLE Scores
- Letters of Recommendation
- Personal Statement
- Medical Student Performance Evaluation (MSPE)
- Pritzker Transcript
- ERAS Photo
- Program Signals

Letters of Recommendation

- 4 letters allowed per program
 - 3 clinical letters (1 may need to be a Chair's letter)
 - 1 research letter (only if appropriate)
- Provide letter writers with the following:
 - ERAS Letter Request Form
 - Draft of CV
- Give faculty **at least 6 weeks** notice
 - September 13 deadline

See The Residency Process Book for specialty-specific information

Personal Statement

Thinking about and drafting your Personal Statement early in the process...

- Helps **you**:
 - Figure out your career/specialty choice
 - Articulate what you like about the specialty, which will be beneficial during interviews!
- Helps **your letter writers**:
 - Have a more meaningful conversation with you when you ask for a LOR
 - Understand what points about you to highlight in the LOR
- The personal statement is probably the hardest piece of your application – start early for the best results!

See The Residency Process book for strong examples

Personal Statement Workshop

May 20, 2024

&

June 13, 2024

Program Signals

- Now used by more than 20 specialties to help determine interview offers; integrated in the applications (ERAS, SF Match, etc)
- Number of signals varies by specialty
- Some specialties and programs advise to signal home program + away rotation site; others advise *not* to. Be sure you know what to do!
- Be honest and diversify your signal distribution

More information and advice to come on this in the spring!

Anesthesiology
Dermatology
Radiology (Diag & Int)
Emergency Medicine
Family Medicine

General Surgery
Internal Medicine
Internal Medicine/Psychiatry
Neurological Surgery
Neurology (Adult & Child)

OB/GYN
Ophthalmology
Orthopaedic Surgery
Otolaryngology (ENT)
Pathology

Pediatrics
Physical Medicine &
Rehabilitation
Psychiatry
Public Health and Preventive
Medicine

more specialties may decide to participate by the spring

Steps in Applying to Residency

- Get to know the career advising team
- Select a specialty advisor
- Understand the components of an application
- Begin MSPE process

What is the MSPE?

Medical Student Performance Evaluation

- Review of student's medical school experiences and noteworthy characteristics
- Academic history
 - Pritzker Honors and Awards
 - Summary evaluation from Clinical Skills
 - Summary evaluations from all required clerkships
- Overall summary
- Appendices

What is the role of the MSPE director?

- Meets with each student to discuss the residency application process and gather information for the Medical Student Performance Evaluation (MSPE)
- Works with staff on MSPE construction
- Reviews MSPE with student

Sign up instructions to come in March

What is in the MSPE?

- Clerkship summaries are the bulk of the MSPE
- Professionalism comments are highlighted
- Summary statement based on holistic evaluation of performance in curriculum, scholarship, and service

See The Residency Process book for an example of an MSPE

What *we* need to complete your MSPE

- Complete biographical data on **MSPE Survey** (link on website)
- A scheduled MSPE meeting with Dr. Fromme in spring/summer
 - MSPE written in order of survey completion/MSPE meeting
- A draft CV (template online, or generate from SMS)
- Your Noteworthy Characteristics (submitted in MSPE survey)
- Clinical Clerkship Grades
- A second MSPE review with Dr. Fromme in late summer

**Let us know immediately if you are doing an away rotation;
second meetings MUST be conducted in person.**

Residency Application Survey—Used to Construct MSPE

The screenshot shows a web browser window with the URL <https://aaa-elrond04.cri.uchicago.edu/StudentManagementSystem/ResidencyApplicationSurvey/SurveyPage.aspx?OpenSurveyFromMSPE=1>. The page title is "SMS Student Management System".

Survey Status: No Action (selected), Reviewed / Partial Complete, Complete, Survey Not Submit, Survey Submitted.

Progress Bar: Basic Information, Career Advising, Personal Statement, Academic Performance, Pre-Medical Education, Graduate School & Pre-Medical Experience, Medical School Experience, Academic History, PSOM Experience On File, Summary & Submit.

Residency Application Survey (Required Field) [\(Survey Instruction\)](#)

Navigation Tabs: Basic Information, Career Advising (selected), Personal Statement Worksheet, Academic Performance, Pre-Medical Education, Graduate & Work Experience, Medical School Experience, Academic History, PSOM Experience On File, Summary & Submit, CV Creation.

Career Advising Section:

- Go to next page** (button)
- Please tell us about the personal information that you hope to emphasize during your residency interviews and personal statement. You should expand upon these questions as you see fit.**
- Career Advisor:** [Tipu Puri](#) (If this is not your career advisor, please email [System Administrator](#))
- + Specialty Choice**
- Enter all of the specialties you are considering apply to by clicking on the "New" field. Please enter all specialties you are considering. It is okay if you have not made a final career decision yet. The career advising team understands that you may change your mind and you can log back in at any time to change your specialty choice throughout the residency season.**
- No records available**
- Specialty advisor and recommendation letters will be available for entering data after [Specialty Choice](#) is entered first.**
- + Specialty Advisor** (button)
- + Recommendation Letters**
- Please type the names of the faculty members that you will ask to write letters of recommendation for you. Remember, for each specialty that you are applying to, you will need at least 3 letters commenting on your clinical abilities. If you are a PhD student or took a year off to do research, you also need a fourth letter from your research mentor. Note: Some specific departments/specialties require that Chair letters be written on your behalf. Consult your specialty/career advisor and the [residency process booklet](#) to find out the process for your specialty.**

ERAS/Graduation Photos

- You **must** submit a photo with your ERAS application
- 3-5 dates will be available in April-June when you can get your photo taken on campus for free
- Even if you already have a professional photo, you still **need** to get one taken because we use them for the graduation composite
- Students taking a year off should **NOT** sign up for a photo unless there are extra slots remaining (Tyler will communicate)

Steps in Applying to Residency

- Get to know the career advising team
- Select a specialty advisor
- Understand the components of an application
- Begin MSPE process
- Select programs for application

Choosing Programs to Send Applications

- Considerations:
 - Your list should have breadth and depth – give yourself plenty of options from the start!
 - Is there a preliminary program requirement?
 - Anesthesiology, Dermatology, Neurology, Ophthalmology, PMR, Rad-Onc, Radiology
 - Competitiveness
 - Quality of the program
 - Your own qualifications
 - Geography
 - Family

Your specialty advisor is instrumental in creating this list
